RE: Invitation Letter to Support Light of Life Children's Home - Kenya

Dear Dr. Corder, the BBC Board, and Church Family,

Greetings in Christ's dear Name! It is a privilege to know you as a group of believers that are earnestly seeking and following after God. Thank you for your ongoing local ministry to the flock here at Braddock and internationally through the digital pulpit. We humbly introduce to you a ministry that is close to our hearts, Light of Life Children's Home in Kenya.

Pastor Jones and Jeddy Kaleli, our parents, started this ministry by faith in 2010. Growing up, our parents' business cards had the following motto printed on them, "Channels of God's Love". As we got older, we realized that these were not just words on a business card but these words are their life motto – both professionally and personally. This year (2020), we celebrated Dad and Mom's 49 years in the ministry! From serving as a pastor and a pastor's wife, professors, missionaries, founders and sustainers of ministry organizations/entities, they have been keen to maintain this same stance of simply loving God and loving people. Giving of themselves and sharing what God has given them continues to mark their ministry.

Light of Life Children's Home is a ministry that serves 9 (nine) orphaned children and is a part of Channels of God's Love International Ministries, which is registered as a 501c3 organization in Forest, VA. With approximately 3.6 million orphaned children in Kenya (www.ncbi.nlm.nih.gov), our parents responded to this need and identified and welcomed orphaned girls and boys in their local village in Machakos, Kenya to live in their home where they would be provided with food, clothing, and shelter along with spiritual and educational support.

We praise God for His continued providence over this past decade! As we step into the New Year, 2021, we anticipate eight of the 9 children transitioning into high school. We kindly request you to join us in prayer and financial support towards meeting the tuition costs. Tuition for high school is \$1,500 per child per year. You may give a one-time gift of \$1,500 or the more commonly selected option of a monthly donation of \$150 using the means mentioned next page. Above all, please pray for these children's good health and continued desire to love the LORD more as they grow.

Thank you for your kind and prayerful consideration to support these children! May you be richly blessed of the LORD, the God of Israel, in whose wings you have taken refuge (Ruth 2:12).

Blessings,

Joy Mwendwa, Ministry Operations Director
USA Home Office
